

## New in MachiningCloud v3.1

**The MachiningCloud App has been updated with the following improvements:**

### Product Data Enhancements

- Cutting Tool Brands now available include: Allen Benjamin, Allied Machine & Engineering, ATA, Colibri, Command, Dapra, Denitool, Destiny Tool, Emuge, Fullerton, GARR TOOL, G.W. Schultz, Haas, IMCO, Ingersoll, Iscar, Jergens, Kennametal, KOMET GROUP, KYOCERA SGS Precision Tools, LMT Onsrud, Lyndex Nikken, MAFord, MasterCut, Mitsubishi Hitachi Tool Engineering, Ltd, Mitsubishi Materials, North American Tool, OSG, PHorn, ProMax, Raptor, Redline, RobbJack, Seco Tools, TaeguTec, Tap Associates, Tungaloy, Walter, WIDIA, and WNT
- Over 809,600 products and 595,000 3D models available
- 77,736 product changes and 53,388 updated 3D models

### Tool Assembly

- My Inventory: *"Send Copy To"* is upgraded to allow sending multiple items from the inventory to other users in a single job. (N.B.: *"Unknown"* brand items are excluded)
- Projection length: dialog displays PCS to MCS length. Value changes based on the offset provided by user. Value will update upon clicking the refresh button

### User Interface

- 3D viewer: the toggle button for model complexity is enabled while rendering the 3D model in the 3D viewer, so the user can switch the model complexity without further waiting
- 3D viewer: added *"Capture Image"* button to save an image of the 3D model displayed as PNG file
- 3D viewer: added orthographic view selections
- Job Tool List/Workholding List: Drag & Drop - drop preview line enhancement
- Notification Center: Added a button to mark all the messages of the tab as read

### Others

- Cart: *Add Additional Item* - quantity is specified when adding additional item to the cart
- Message is displayed in the side panel when the RSS feeds fails to fetch
- Icons enhanced in Filters, Tool Advisor, Global availability, Product page:
  - An icon image displays for *"FirstChoice"* (Kennametal) and AllStar (Widia)
  - Icons shown next to the country flags
  - Preferred tool program icon replaces the previously displayed *"\*"*
- Global Availability: user message displayed when no availability information is returned by the API - *"If a desired warehouse is not shown, no stock is currently available at that warehouse."*
